I am a Teacher

As a teacher you make a difference in the things you say and do.

You are a “life toucher” of more than just a few.

Kids are always watching and perhaps the greatest test

Is being a positive example and doing your very best.

So, are you proud of what you’ve done and the things you’ve had to say?

If so, take pride in these ten words...

“I am a teacher. I touch a thousand tomorrows today.” ... Paris Goodrum
